TRUSTEES' MEETING

CITY ATTORNEY INSTRUCTED TO PREPARE ORDINANCE CALLING BOND ELECTION

The Board assembled at 8:12 p. m. October 2, 1919. All members present. The minutes of the regular meeting of September 25, 1919, were read and approved.

Application of Chlorine to Water Supply

Mr. Sibley appeared before the Board in the interest of the firm he represents, manufacturing and furnishing appliances for the application of pure chlorine to supplies of domestic water. He stated that the appliances referred to convert the chlorine into the form of gas and apply it to the water in such a way that its absolute purity is assured without any undesirable results. He further stated that the approximate cost of these appliances would be $750.00 and that the maintenance of the same would probably not cost more than $15.00 per month for the material used.

On motion of Trustee Henry, the matter was referred tto the Committee of the Whole.

Awarding of Contracts to Local Firms

A committee appeared before the Board, representing the Greater Glendale Development Association, and the Secretary of that organization, C. D. Lusby, addressed the Board, and presented a petition addressed to "The Various Public Organizations of the City of Glendale," expressing the desire of the signers that all such bodies put themselves on record as favoring the giving of all awards for contracts for public work to local people in all cases where the conditions are equal. On motion of Trustee Woodberry, seconded by Trustee Shaw, the following resolution was adopted on roll call, all voting aye:

"Whereas the Greater Glendale Development Association has presented to the Board a petition in reference to the employment of citizens of Glendale on public work, and whereas the Board has always acted on the policy endorsed by said Association, and hereinafter stated and now desires to make the same a matter of record, now, therefore, be it

Resolved, That in awarding contracts and making purchases it is the policy of this Board, other things being equal, and so far as possible, to favor citizens of the City of Glendale."

Communications

A communication addressed to the President of the Board in his capacity as Mayor of the City was read from the Finance Committee of Corpus Christi, Texas, making an appeal to the city for contributions for the relief of the people of Corpus Christi; the appeal being made necessary by the overwhelming disaster caused by a hurricane and tidal wave which had recently overtaken that city. The

TO BECOME RANCHERS

F. H. CASSELL AND WIFE SELL GLENDALE PROPERTY; WILL GO TO SAN FERNANDO

Mr. and Mrs. F. Henry Cassell, who recently purchased a ten-acre orange and lemon ranch three miles south of San Fernando, of which they expect to take possession the last of the month, have just sold their home at 515 North Kenwood to Mr. and Mrs. Jackson, of Orange. Mr. Jackson is with the real estate firm of Edward D. Silent & Co., Los Angeles, and Mrs. Jackson is an osteopathic practitioner. The Cassells have been residents of Glendale for eleven years and say it seems more like home to them than any other spot in the United States. One of the inducements to buy the ranch they have purchased was the fact that its location will enable them to keep in touch with their church and many friends here. They are tenderfeet in the ranching business, but are enthusiasts and believe they will be able to master its problems. The ranch has an attractive house, a field of alfalfa and chicken yard equipment. They are planning to keep a cow and poultry and to be real farmers.

Mr. Cassell, who had been working for a number of years with one of the big dry goods houses of Los Angeles, was given a long vacation last summer and spent it in the old Kentucky home in an endeavor to build up his shattered health. He came back the last of August, much improved, but feared a relapse to his old nervous condition if he continued inside work, so severed his connection with the store Oct. 1st.

NEW COURSES

CURRICULUM AT G. U. H. ENLARGED TO FIT NEEDS OF SEVEN HUNDRED PUPILS

The development of the local High School has always been a matter of pride and concern in the community and for that reason the following survey of the courses provided this year should be of considerable interest:

Coincident with the growth in the personnel of the Glendale Union High School, new courses have been added to the curriculum and others enlarged and arranged so as to meet the needs of the 700 students now enrolled. Principal G. U. Moyse and faculty have devised a most beneficial course of study for the students, and in one instance, for the women of this school district.

The late war demonstrated the value of an education as never before. Especially is this true of the technical education. The mechanical arts department has been overrun this year. Accordingly, courses in auto repairing and shop mechanics were organized.

The special course in sewing for the women of Glendale and the vicinity has been re-instituted, so successful was the class last year.

New classes in journalism, sociology, civics, elementary art advertising and dramatics have been inaugurated this year.

Auto Repairing

This course is a two-period subject extending over the full term of forty weeks. In the first half-year, the work will be confined to gas engines, their care and operation. The instructor will play the part of the Hun and outside of class will do his best to "jim-up" the motors. Then the classes will experience "trouble shooting" and repair work.

The second semester will be consumed in work on the running gear of various types of cars. Charges for repairs on students' and outsiders' cars will cover cost of materials.

Elmer Richardson, who recently returned from the Air Service, where he improved his already broad knowledge of gasoline engines, will be the instructor.

Between thirty and forty boys have registered, forming two classes which are now full. No more may

HOME MONEY FOR HOME PEOPLE

Editor Glendale News:—

I have been informed by reliable authority that the Board of Trustees of the Glendale School District are considering the awarding of a contract to a non-resident of our city.

If I am correctly informed, I desire to take this means to register my protest as a taxpayer and a citizen of Glendale. I am opposed to the system of taking money from our taxpayers for public improvements and supporting non-residents, while our citizens engaged in the construction and mercantile business, together with our mechanics and laborers, are forced to stand aside and see the outsider reap the benefit of our taxes.

True, the answer may be that the trustees are acting within the law, but I would suggest that there may be no law to prevent the trustees from rejecting all bids and readvertising for new ones.

CHAS. A. RUDEL,
315 Vine St., Glendale.

DEBATING PROSPECTS

W. D. Root reports there will be a meeting of the Southwest Debating League at U. S. C. Law School in Los Angeles Saturday morning for reorganization and to make plans for High School debating contests the coming year. A fine campaign was outlined for last year, but the influenza epidemic closed so many schools it could not be carried out and the year closed with only about four schools in the ring. One of those was Glendale High and it can be depended upon to be there for entry in the lists if the league is satisfactorily reorganized.

Inter-class debating contests are coming off before long and students are busy getting materials for their try-outs. The subject is: "Resolved, That the United States Senate Should Ratify the Peace Treaty Without Amendment." Some of the students will make an effort to hear Senator Hiram Johnson, who speaks tonight at the Shrine Auditorium on this subject.

WEATHER FORECAST—Fair except cloudy or foggy tonight and in the early morning near the coast. No important change in temperature.

BELGIAN ROYALTY OFFICIALLY GREETED

KING ALBERT AND HIS QUEEN HEAD PROCESSION FROM BATTERY TO CITY HALL PARK WHILE CROWDS CHEER

(Special Service to Glendale Evening News)

NEW YORK, Oct. 3.—The official welcome was extended to King Albert and the Queen of Belgium at noon today. The king and queen headed a procession from the Battery to City Hall Park and were cheered heartily by thousands along the road. The mayor made a brief speech of welcome, King Albert responding briefly with a reference to New York's commercial strength and its great growth. The royal party then went to the Waldorf Astoria where they are staying.

BRITISH LABOR SEEKS COMPROMISE

LEADERS VISIT LLOYD GEORGE IN HOPE OF RESUMING STRIKE MEDIATION—TRAFFIC CONDITIONS IMPROVED

(Special Service to Glendale Evening News)

LONDON, Oct. 3.—Labor leaders today visited Lloyd George in the hope of resuming mediation in the railway strike. Traffic conditions are improved according to this morning's official statement from the government.

TWENTY-TWO DEAD IN RACE RIOTS

FORMER ASSISTANT POSTMASTER OF LITTLE ROCK ARRESTED CHARGED WITH MURDER BY INCITING RIOTS

(Special Service to Glendale Evening News)

HELENA, Ark., Oct. 3.—The death toll in the Elaine, Ark., race riots reached a total of twenty-two today including five whites. One soldier was killed when negroes fired on a squad patrolling the streets. Telephone reports said the town was comparatively quiet this morning. A total of five hundred soldiers and one thousand former soldiers and deputy sheriffs are on guard.

C. O. Bratton, former assistant postmaster at Little Rock, was arrested today charged with first degree murder. It is alleged that he incited the rioting.

PRAYER FOR PRESIDENT WILSON

SPECIAL PETITION OFFERED BY CHAPLAIN OF HOUSE OF REPRESENTATIVES AT OPENING OF SESSION

(Special Service to Glendale Evening News)

WASHINGTON, Oct. 3.—Rev. Harry Couden, chaplain of the House of Representatives in opening today's session, said:

"The heart of the nation is stirred with anxiety and sympathy for our President and his family. Help him, we pray Thee, and restore him to health and activity."

PRESIDENT STILL VERY ILL

MEMBERS OF HIS FAMILY ARE ASSEMBLING AT THE WHITE HOUSE—SPECIALISTS CALLED ON CASE

(Special Service to Glendale Evening News)

WASHINGTON, Oct. 3.—President Wilson's condition was not improved this morning although he slept some during the night. The President is still very ill according to official information. Mrs. Francis Sayre, daughter of the President, left Cambridge, Mass., for Washington this morning. Former Secretary McAdoo reached the White House today and his wife is expected before night. Miss Margaret Wilson has been there for several weeks. Mrs. Wilson is constantly with the President and takes much care of him, the nurse and Admiral Grayson officiating.

At 12:15 this afternoon Admiral Grayson issued a statement simply saying: "The President's condition is unchanged." Later he reiterated that the President is exhausted physically and mentally and only a complete rest will restore his health. All of the doctors who have consulted on the case agree that the trouble is nervous exhaustion. Admiral Grayson said he had called in specialists for consultation because he believed the President and the country are entitled to their aid and assurance. These specialists will call at the White House twice daily hereafter.

KING ALBERT'S REQUEST DENIED

MONARCH OF BELGIUM ASKS PERMISSION TO VISIT THE PRESIDENT UNOFFICIALLY AND IS REFUSED

(Special Service to Glendale Evening News)

NEW YORK, Oct. 3.—King Albert of Belgium today telegraphed tthe White House asking that he be permitted to visit President Wilson unofficially. The request was refused with the comment that the President must not be subjected to the slightest fatigue.

CONTINUED GOOD WEATHER FOR WORLD'S SERIES

(Special Service to Glendale Evening News)

CINCINNATI, Oct. 3.—A clear sky with a slight breeze and warm weather marked the third day of the World Series of ball games.

BIBLE CONFERENCE

INTEREST DEEPENS AT SECOND DAY'S SESSIONS

The programs of the second day of the Glendale and San Fernando Valley Bible Conferences at the Presbyterian Church on East Broadway showed deepening interest in the study and interpretation of the scriptures. At the afternoon session Dr. G. A. Briegleb gave in his own inimitable manner an address on the transfiguration as "An Epoch in the Life of Jesus." He showed that great is our need of going up into the mountain top to see Jesus even as did Peter, James and John. He said: "After the problems and difficulties of the six days of the week what a comfort it is to draw near to the church where prayer is made and where hungry souls and aching hearts find peace in the shed blood of Jesus Christ, the Christ of the living and the dead. With such an inspiration let each one go out and live through the week that follows as befits him who has seen the transfiguration of our Lord." The preacher's text was taken from Matthew 17.

Following this address Prof. H. W. Kellogg spoke on "The Joy of God" as suggested by Zephaniah 3:14-20, putting special emphasis on verse 17. He dwelt on the joy of God over His restored people, Israel, when the Prince of Peace shall come and restore the believing remnant to their own land and when He shall make Jerusalem the world's capital and shall bring all nations under subjection to this new Jerusalem. "Moreover," he said, "God joys over every saint who comes to Him. Jesus looked forward to 'the joy that was set before Him' and we, too, have a right to rejoice in having a part in the future glory. What a privilege to live a joyful Christian life now and to await in the joy of anticipation that great day when we shall be presented to God with exceeding joy and shall have a part in His Kingdom of glory and praise, when we shall hear His song of rejoicing over all His redeemed!"

Dr. F. W. Farr spoke to an attentive and appreciative audience at the evening meeting on "The Importance and Influence of Prophetic Study."

McGREW IS MAKING GOOD

M. J. McGrew, who took over the Broadway Garage a few months ago, is certainly making good. He confined his work at first to repair jobs and the sale of used cars, but on account of the increasing demand for new cars and the inability of the agencies already established to get enough stock to supply insistent customers, he took the agency for the Velie. Then, having had numerous calls for a lower-priced car, he added the Saxon Six to his list. The Evening News is always glad to note the success of such deserving business men and believes that Mr. McGrew's quiet, persistent method of work and his systematic advertising campaign have been the leading factors in his merited advance.

BANK ROBBERS FOILED

BANDITS FIRST PLAN LOOTING ONE OF GLENDALE'S BANKS, BUT DECIDE LATER ON HYNES

Four men who wanted to get a living without work met their Waterloo while attempting to hold up the bank at Hynes, about 14 miles south of Los Angeles on the Salt Lake Route. They forced the banker, Herbert G. Flint, and his son to hold up their hands by threatening to empty the contents of their four revolvers into the bodies of their prisoners. But when they got close enough to the elder Flint he floored one with a punch on the jaw which so scared the others that they rushed to their machine, a large, high-powered one, and fled, engaging in a revolver duel with young Flint as they went. No one was hurt by the fusillade, however. The bandit whom Banker Flint knocked out was tied and held till men from the sheriff's office came for him. He gave the name of David Curry, and confessed that he and his three accomplices had planned the holdup in a Los Angeles pool room. The design at first was to hold up one of the Glendale banks, he said, but for some reason this was abandoned for a later date. Curry named his partners in crime and one has already been arrested with the chances good for the apprehending of the other two.

The attempt on the Hynes bank was made at 2 o'clock Thursday afternoon and none of the men were masked.

COMMUNITY SING

PLANS TO FINANCE THE ORGANIZATION AND PUSH THE WORK IT IS DOING

The audience assembled promptly for the Community Sing at the High School Thursday evening. A goodly number of songs were sung, but drill was cut short to enable the leader to leave a little earlier than usual and to give time for a business session. The program opened with "America" and included "Last Rose of Summer," "Juanita," "Love's Old Sweet Song," "March of the Men of Harlech," "All Through the Night," "Old Black Joe," "Soldier's Chorus from Faust," and "Star Spangled Banner."

President Alexander Mitchell called the business session to order and announced the resignations of Secretary Ella Richardson and Treasurer Herman Nelson. These were reluctantly accepted with a rising vote of thanks for service given. It was suggested that the two offices be combined in one and A. A. Barton nominated H. B. Howeth, who was unanimously elected Secretary-Treasurer to complete the unexpired terms of the former incumbents and serve until January 1, 1920.

Blake Franklin, Vice-President, was then asked to take the chair and he called upon Mr. Nelson for a statement of the finances of the organization. It appeared from the report that practically all obligations of the chorus have been met to date and there is a small balance in the treasury, thanks to the funds raised by members through the minstrel entertainment and in other ways. Mr. Franklin suggested that the committee authorized to secure soloists be asked to get busy as he believed the special numbers popularized the Sings and added to the enjoyment of patrons. Mrs. Hagood, as chairman of the committee, undertook to look up talent. There was also some discussion of ways and means of securing proper publicity, but no definite action was taken.

Mr. Franklin reviewed the means employed last year to secure assured support of the Community Sing by means of pledges to be paid weekly or monthly. Not enough of these had been obtained, he said, to cover the necessary expense and not all the pledges had been met. This plan would therefore be abandoned this season and the substitute plan, he explained, called for fifteen sponsors who would agree to be responsible for monthly subscriptions of $5. These they could obtain in any manner they saw fit. He then called for volunteers under this plan and eight persons enrolled, viz.: Alexander Mitchell, A. A. Barton, Blake Franklin, L. N. Hagood, W. A. Kulp, L. T. Rowley and Mrs. N. M. Knauss. Others who are interested and who had promised to help, were not present, and it is believed before the next meeting the full quota of fifteen patrons will be secured. These pledges with the city's subscription will solve the financial problems of the organization and enable it to push vigorously the important and pleasant work it is doing in the community.

SHIFTING PROPERTY

Mr. Chapman, who has sold his house at 435 West Wilson Ave., will move to 135 South Louise as soon as the improvements he is making are completed. It is so difficult to get materials and labor that he has been greatly delayed, but is thankful to be sure of a shelter. C. E. Russell, who moved to a house he owned at Verdugo Road and Wilson, intending to improve it in anticipation of sale had an immediate offer which he accepted and now is trying to find quarters in the way of rooms since there are no houses to be rented. Other property which he owns is occupied by tenants. Mr. Chapman says that every house in the 400 block on West Wilson but one has been sold recently. No. 439 has been transferred to Mr. and Mrs. G. J. McLaughlin, who were occupying it as tenants and who felt that safety demanded they should buy it. No. 419 West Wilson, which was occupied by A. H. Russell, was sold to A. W. Martin, who has been buying and selling houses in Glendale for some time. The house at 132 South Louise street was bought by William A. Burns, the concrete contractor, after he had sold his house in Piedmont Park.

The finishing touches are being put to the Malarkey home at 347 N. Jackson street, corner of Lexington Drive. It is a one-story house of eight rooms and screen porch and there is a double garage. The outside construction is plaster cement, reinforced with wire netting. Inside everything is modern down to the minute.

COLORADO STREET P.-T. A.

The first meeting of the Colorado P.-T A. for this term was held Oct. 2d, at 3:15, in the school building. The first half hour was spent in a social way over cups of tea with wafers while many plied their needle and thread. The president, Mrs. B. L. Cline, then called the meeting to order and after a short business meeting, Mrs. Barton, Federation president, made a short talk as to how our work is carried on, and Mrs. Stofft spoke in behalf of the Reading Circle. Chairmen for the different branches of work are as follows: Membership, and Ways and Means, Miss Ida Waite; Courtesy, Mrs. Perry; Legislation, Mrs. Ellis; Kindergarten, Mrs. John H. Volker; Patriotism, Mrs. Kinzy; Philanthropic, Mrs. Kille; Education, Mrs. Irwin Oliver. The meeting closed, each feeling that a pleasant and helpful year's work had been started.

C. E. McPEEK IMPROVING SLOWLY

C. E. McPeek, of 401 Vine street, who was quite seriously hurt Tuesday morning by his machine turning over as he was going to Los Angeles, is improving slowly from the hip dislocation and rupture that he suffered when pinned down by the machine. He still suffers considerably from his hurts.

Personals

Miss Regina Bacon, daughter of Mr. and Mrs. F. Bacon, of 1335 San Fernando Road, has returned from Lake Tahoe where she spent the summer.

Mrs. Gertrude Follansbee has just returned from a summer in the east with friends in her old home town, River Falls, Wisconsin, and other places. She is temporarily located at Hotel Gray.

The practice soccer ball game played Wednesday afternoon between the team of Cerritos School and a team of Intermediate boys resulted in a score of 1 to nothing, in favor of Intermediate.

W. N. McMillan and family of 336 Milford street have been informed that the house in which they are living has been sold, but that they will not have to surrender possession of it for a few months. It is the second house that has been sold over their heads recently.

Mr. and Mrs. W. D. McRae, Mr. and Mrs. George E. Adams, Rev. and Mrs. E. H. Willisford and probably other members of the Glendale Congregational Church, will attend the dinner and semi-annual meeting of the Congregational Extension Society to be held at the Hollywood Women's Club House tonight

Miss Bertha Smith, of Des Moines, Iowa, was called to Glendale by the death of her mother, Mrs. A. Lucas Smith, and will probably be here for two or three weeks with her father and her sister, Miss Van Tyne Smith, in their home at 617 North Adams street. Miss Bertha Smith is principal of one of the Des Moines schools.

A. E. Woodmansee, who bought a home here last spring and who had the misfortune to lose his wife June 9th of heart disease, has returned from the east. His niece, Mrs. Glassey, and her little girl Zora, eleven years of age, accompanied him, to make their home with him at 462 West California.

Mr. and Mrs. W. J. Clendenin, former residents of this city who are now living in Los Angeles, came back Wednesday to attend the Fellowship Supper and Program of the Bible Conference at the Glendale Presbyterian Church in which they have always been actively interested and where they have a host of friends.

Mrs. Anna Gunorson, who bought the Mallory home at 520 West Broadway, is having it made over into a two-story eight-room house with all modern features. This and the handsome 2-story dwelling just across the street from it, add greatly to West Broadway's appearance as a residence street.

J. H. Flower, who is building a couple of houses one of which is about finished and the other nearing completion, has already been solicited to sell them, although he has not yet fixed the price. He is satisfied with his market and will keep right on building, he says, if conditions are favorable and the steel strike does not make it impossible to get materials.

Mr. and Mrs. J. P. Fansett and family of 122 Olive street are expecting the arrival of Mr. Fansett's parents from the east in the near future to spend the winter and perhaps locate permanently. The Fansetts are considering moving to a larger residence in order to have more room in which to entertain them and may decide to take possession of a house they own on Vine street near Pacific. Also there is a possibility they may go to Los Angeles which would be much more convenient for Mr. Fansett whose business is in that city. Mrs. Fansett has been active in the Broadway P.-T. A. and her associates in the organization hope they can keep her.

TRUSTEES' MEETING

(Continued from Page 1)

communication stated that the death list already numbers more than one thousand; that more than five thousand people are destitute, and the property loss exceeds more than twenty million dollars. The communication was ordered to be filed.

Communication was read from A. H. Lankford requesting that he be granted a two weeks' vacation beginning October 6, 1919. On motion of Trustee Henry the application was granted.

Applications for permits to use fire arms within the city limits were presented from W. Denton Baisley and from Hugh Cornwell. Neither of the applications stating in what part of the city or on whose property the applicants proposed to hunt, the requests were denied.

Automobiles for Passenger Service Standing in Streets

Mr. Martin appeared before the Board as representative of the automobile passenger service in regard to the rights of the drivers of machines engaged in the jitney business to stand upon the street. After discussing the matter the auto men were advised by the City Attorney to secure permits from the property owners in front of whose property it is desired to park the machines, as required in Ordinance No. 298.

Petition Requesting Bond Election

The City Clerk reported as to the sufficiency of the petition asking for the calling of a bond election, referred to him at the previous regular meeting. The report consisted of a certificate showing that five hundred and forty-five qualified electors of the City of Glendale had signed the petition, the same being 15% and more of the qualified electors of the said city. Trustee Henry offered a resolution, which was adopted on roll call, all voting aye, as Resolution No. 1083, determining that certain municipal improvements are necessary and the cost of same is too great to be paid out of the ordinary revenue of the city.

Transfer of Funds

On motion of Trustee Shaw it was ordered on roll call, all voting aye, that the following transfers of funds be made:

From Insurance Reserve Fund to General Budget Fund, as a loan to be returned when receipts from current taxes will permit, $4,541.79.

From Ornamental Lighting Fund No. 6 to Public Service Fund, $6.40.

From Ornamental Lighting Fund No. 9 to Public Service Fund, $182.40.

On motion of Trustee Jackson, the City Attorney was instructed to prepare an ordinance calling a bond election, in cacordance with Resolution No. 1083, to be held in the City of Glendale on the 12th day of November, 1919.

City Manager

The City Manager submitted a list of city employes, which, on motion of Trustee Shaw, was ordered to be approved.

The City Manager made a report as to conditions at the Louise street bridge over the wash, and on motion of Trustee Shaw he was instructed to make such repairs on the said bridge as are necessary, the cost not to exceed two hundred and fifty dollars ($250.0.00), that sum to be taken out of the Street Repair Account.

Advertising for Bids for Automobiles

On motion of Trustee Shaw, the City Clerk was instructed to advertise for two four-cylinder automobiles for the Public Service Department, bids to be opened October 16, 1919, at 8 o'clock p. m.

Plans for Work on Culvert Across Canada Blvd.

The City Engineer presented plans for certain work that he recommended to be done on a culvert across Canada Blvd. north of the bridge, recommending that certain repairs be installed on each side of the said culvert, and on motion of Trustee Shaw, he was instructed to do the necessary work at a total expense not to exceed one hundred dollars ($100), and to charge the same to Street Repairs.

On motion of Trustee Jackson, the City Engineer was instructed to make a report in regard to the culvert at the corner of Brand boulevard and Park avenue.

On motion of Trustee Woodberry, the City Attorney was instructed to report to the Board in regard to the disposition of money collected both by the City of Glendale and the County of Los Angeles on property in the West Glendale Annexation District.

METHODISTS TO RALLY

The Methodist Sunday School is planning a big day Sunday when all the forces of the school will rally. A special effort is being made to have present all the members of the school as well as a large number of those who do not attend any Sunday School. A splendid program is being prepared. Plan to attend. You will be welcome.—Adv.

NEW GLENDALE BOY

RESOLUTION NO. 1083

A RESOLUTION OF THE BOARD OF TRUSTEES OF THE CITY OF GLENDALE, DETERMINING THAT THE PUBLIC INTEREST AND NECESSITY DEMAND THE ACQUISITION BY SAID CITY OF THE FOLLOWING MUNICIPAL IMPROVEMENT, TO-WIT.:

THE ACQUISITION, CONSTRUCTION AND COMPLETION OF CERTAIN MUNICIPAL IMPROVEMENTS IN CONNECTION WITH THE COMBINED DEVELOPMENT, OPERATION AND IMPROVEMENT OF THE WATER WORKS AND SYSTEM AND THE ELECTRIC LIGHT WORKS AND SYSTEM, TO-WIT.: LANDS, WELLS, PUMPING PLANTS, PIPES, PIPE LINES, METERS, RESERVOIRS, RESERVOIR SITES, WATER RIGHTS, POLES, PIPE LINE RIGHTS, AND A HYDRO-ELECTRIC GENERATING PLANT FOR THE PURPOSE OF GENERATING ELECTRICITY.

THE COST OF SAID MUNICIPAL IMPROVEMENTS WILL BE TOO GREAT TO BE PAID OUT OF THE ORDINARY ANNUAL INCOME AND REVENUE OF SAID CITY.

BE IT RESOLVED AND DETERMINED, By the Board of Trustees, as follows:

SECTION 1. That whereas, on the 25th day of September, 1919, a petition was filed, signed by fifteen per centum and more of the qualified electors of the City of Glendale, computed on the total number of votes cast therein for candidate for Governor at the last preceding election at which a Governor was elected, with the legislative body of said municipality, requesting that a proposition for the acquisition, construction and completion of the hereinafter described municipal improvements, and providing for the issuing of bonds therefor in the sum of TWO HUNDRED SIXTY THOUSAND ($260,000.00) DOLLARS, be submitted to the qualified electors of the City of Glendale, at which such proposition may be voted upon.

AND BE IT FURTHER RESOLVED AND DETERMINED, That the public interest and necessity demand the acquisition by the City of Glendale, of the following municipal improvements, to-wit.:

The acquisition, construction and completion of certain municipal improvements in connection with the combined development, operation and improvement of the water works and system and the electric light works and system, to-wit.: Lands, wells, pumping plants, pipes, pipe lines, meters, reservoirs, reservoir sites, water rights, poles, pipe line rights and a hydro-electric generating plant for the purpose of generating electricity;

And that said improvements and each of them are necessary and convenient to carry out the objects, purposes and powers of said City.

SECTION 2. That the estimated cost of said municipal improvements is the sum of TWO HUNDRED SIXTY THOUSAND ($260,000.00) DOLLARS, and that it will be too great to be paid out of the ordinary annual income and revenue of said City.

SECTION 3. The City Clerk shall certify to the passage and adoption of this resolution by the vote of two-thirds (2-3) of the members of the Board of Trustees of the City of Glendale, and its approval by the President of said Board, and shall thereupon cause it to be published once in the Glendale News, a daily newspaper of general circulation, published and circulated in the said City of Glendale.

Adopted and approved this 2d day of Oct., 1919.

FRANK L. MUHLEMAN,
President Board of Trustees of the City of Glendale.

Attest:
J. C. SHERER,
City Clerk, City of Glendale.

STATE OF CALIFORNIA,)
COUNTY OF LOS ANGELES,)ss.
CITY OF GLENDALE.)

I, J. C. SHERER, City Clerk of the City of Glendale, do hereby certify that the whole number of members of the Board of Trustees is five (5), and that the foregoing resolution was duly passed and adopted by a two-thirds (2-3) vote of its members, and approved by the President of said Board, at a regular meeting thereof held the 2d day of Oct., 1919, and that it was passed by the following vote:

AYES: Henry, Jackson, Muhleman, Shaw, Woodberry.
NOES: None.
ABSENT: None.

J. C. SHERER,
City Clerk, City of Glendale.

NEW COURSES

(Continued from Page 1)

take this course. On completion of this course they will be fully capable of caring for the family car or of securing work in a garage.

Shop Mathematics

This course, in charge of Mr. Ferguson, was designed expressly for the machine shop worker with the purpose of teaching him to solve his problems rapidly and accurately.

Of necessity, this is a combination of the principles of arithmetic, algebra and geometry. The practical essentials dealing with shop work will be taught for making a more efficient worker.

It is a one-year course, open only to those taking shop work.

Adult Sewing Class

Realizing that the girl of ten summers past had not the opportunities afforded the girl of today, a class in sewing was organized last year, particularly designed for the ladies of the community, under the instruction of Mrs. Bement. Over twenty-five women took advantage of this opportunity.

This class has started again. An afternoon class has been formed, extending from 2 to 3:30 o'clock. Daily attendance is not required. Those who can come but once or twice a week are welcome.

Journalism

For the purpose of making a better High School publication, together with helping the novice get on the "inside" of newspaperdom, a class in journalism was begun this year, open only to upper classmen.

In instituting a class in journalism, the G. U. H. S. is keeping abreast with the times. The State of New York considered this subject so important that it recently named a committee to investigate and recommend the best policies for the establishment of journalism classes in all High Schools.

A great editor and publisher who was instrumental in founding schools for journalism has said that his motive in "attracting to this profession young men of character and ablity" was to cultivate the proper (newspaper) "influence upon the minds and morals of the people." The class recently organized is formulating the ideal that above all things must come "truth."

Miss Mallory is in charge of this class, which will make a study in the history, the departments, advertising and the style of the modern newspapers. A great modern daily has been ordered which will be studied in connection with the text.

Sociology

Although a college subject, the class in sociology taught by Miss Helen M. Darsie with twenty-five enthusiastic devotees enrolled, will undoubtedly prove very successful. In an interview, Miss Darsie said: We intend to treat the subject from a definite concrete standpoint."

The problems which will be particularly studied are: Population, immigration, labor, child labor, women in industry, the sweating system, unemployment, the blind and the deaf, the feeble-minded and the insane, crime and punishment, marriage and divorce, poverty, the conservation of natural resources, the conservation of plant and animal life, and the conservation of human life.

Trips will be made in relation to the above subjects. The Survey, a sane and balanced paper on social problems, and current events will be discussed. "If it does no more than make the students aware of the confronting problems," said Miss Darsie, "it will be worth while."

Civics

One great plea of this post-war year is "Americanization." So many students leave the High School before graduating and lose this instruction of the twelfth year, that civics is now required of tenth year students during the periods not consumed in gymnasium work.

The course is elementary work in the principles and departmental structure of our government—aiming to teach the respect for our government and the duties and privileges of citizenship.

Dramatics

Miss Terry, the dramatics instructor, has a new year's work outlined in expression, pantomimes, readings, plays and playlets. Her work has been arranged to alternate with the gymnasium periods of the various classes.

Elementary Art Advertising

The art of advertising—fundamentally the knack of catching the public eye and mind—will be taught in this course. The object is to teach the pupil good ads; how to produce attractive ones with the "punch."

The study of type and colors, their use and arrangement, will be featured. Although this is elementary work, it is planned to merge into more advanced study, such as poster work.
